

ROUND BOXES

Draw the attention of the consumers!

Custom printed cardboard tubes are made by wrapping the custom printed art paper onto the plain Kraft paper tubes outside, that's the artwork you see on the round tubes, they are not printed directly onto the tubes, they are actually wrapped with printed paper. Except for full color printed artwork, we are able to apply some premium finishes such as hot foil stamping with gold or silver foil and other color foil. Spot UV is also a popular way to enhance the printed effect of your artwork on the tube to draw the attention of the consumers when these custom printed tube packaging packed your goods on a retail shelf. If you want to save cost, you can also choose to purchase ready-made plain Kraft paper tubes and apply your own custom labels on them.

ROUND BOXES

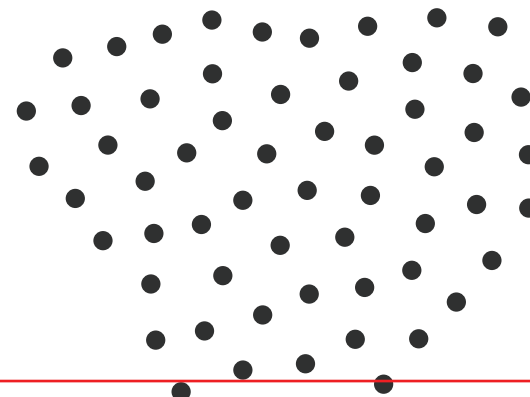

The plain tubes are available in Kraft, white and black colors. However, we strongly suggest you custom made your own branded custom cardboard tubes for your products to promote your brand let consumers well recognize your brand easily in the future with just a bit more cost for custom tube packaging than plain tubes

Advantage and usage of cardboard tubes packaging

The round shape of cylinder tubes is their advantages to better fit round bottles, can, jar containers than other rectangular paper carton boxes.

Custom cardboard tubes packaging with lids suit for many applications, they are ideal for packing small glass bottles, such as hemp oil bottle, CBD oil bottle, vape bottle, and cosmetic essential oil packagings like beard oil bottle or jars. Big cardboard tubes are also a good packaging for wine glass bottle. Kraft cardboard cylinder tubes are also popular use as t-shirt packaging, coffee and tea storage container, they are also a good option as candles packaging. These cardboard cylinder tubes are made with durable cardboard from sturdy kraft a paper, indestructible wall can resistant to crushing and won't out of shape to keep your is product safe packed inside and can be used as shipping or mailing tube boxes, they are capable to protect the goods inside during shipment.

ROUND BOX PACKAGING STRUCTURE STYLES

3-piece Cardboard Tube Style #1

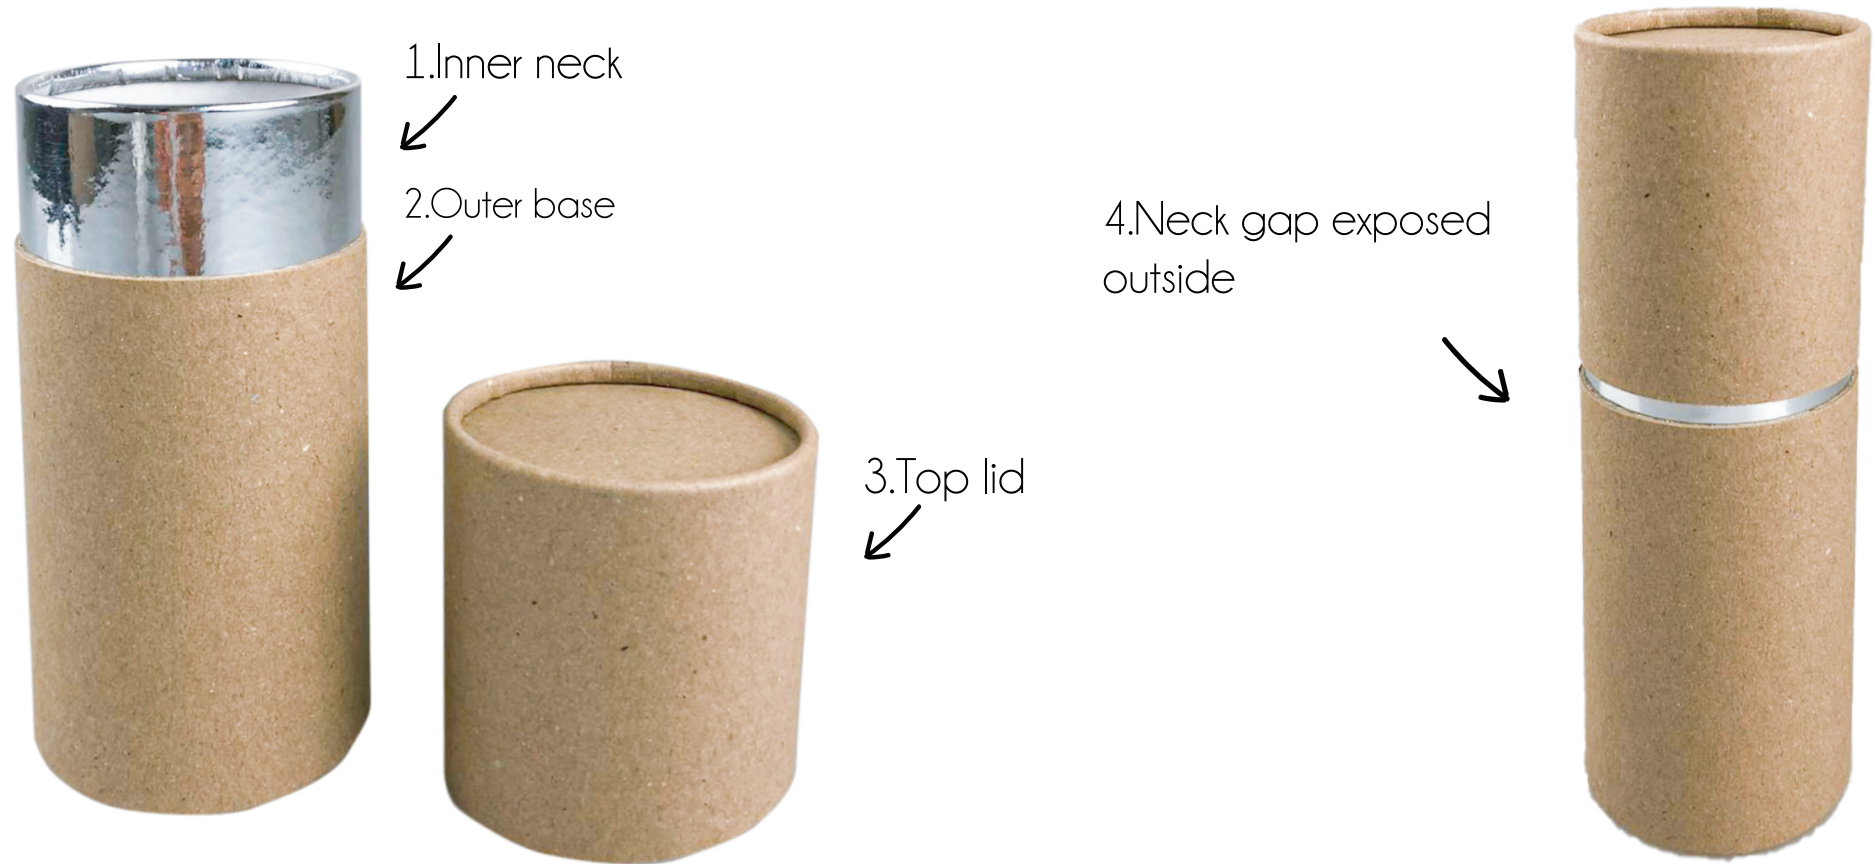

4.No neck exposed outside

This style is the most common seen paper tubes in the market, it's consist of 3 parts, the top lid is one piece, the tube bottom part has 2 pieces of walls, the inner neck is a longer tube wall glued inside the outer base to make up the tube body. The cardboard top lid or cap is shorter then the outer base.

ROUND BOX PACKAGING STRUCTURE STYLES

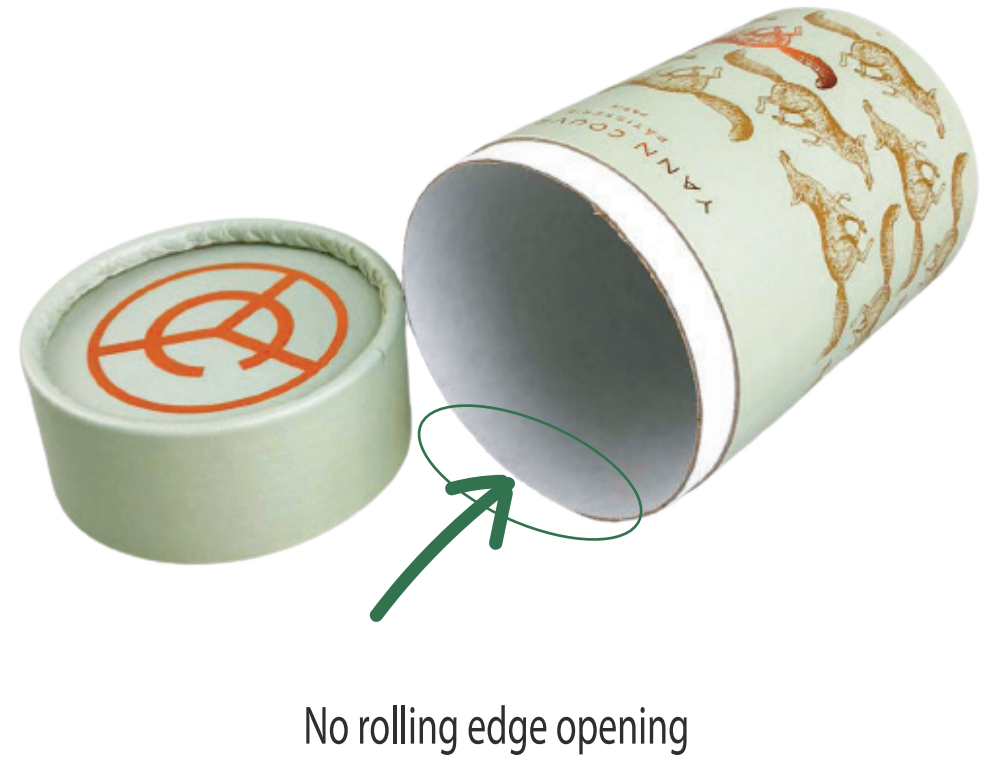

3-piece Cardboard Tube Style #2

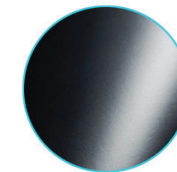

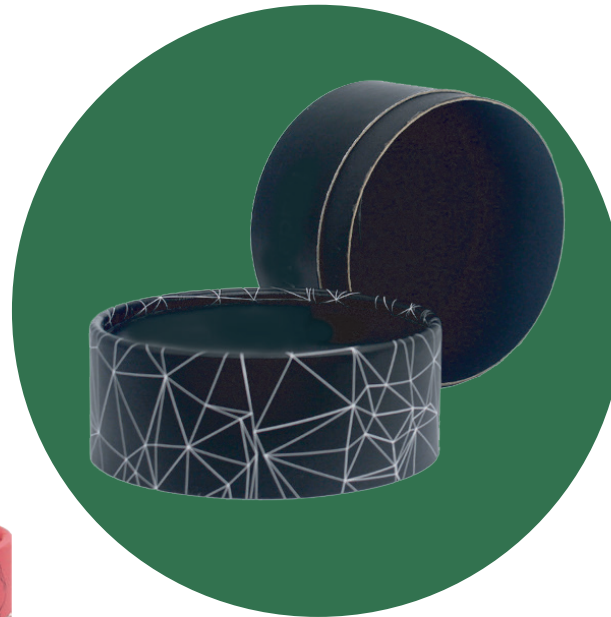

This tube box style is very close to style #1, the only difference you may notice is the exposed neck gap when the lid covered the base. It shows a bit inside neck color which can be seen from outside, it has an impress looking when the inside neck wall with a different color from the outside printing on the tube surface, some clients are fond of this tube structure.

The cardboard tubes are made from recycled Kraft paper, so the natural color of the tubes are brown Kraft, but we can wrap different color paper onto the tube surface to make colorful tube packaging, on both inside and outside. The brown Kraft surface paper can be simple color printing and look natural. The white art paper is the most used if you want to print a full-color artwork, just like they are used to wrap on other gift boxes packaging because art paper is the best suitable paper for printing to get quality printing results. If you like to have a black color cardboard tube, then need to wrap a matt black Kraft surface paper. Black paper is not an idea paper for printing, usually only print white ink on it, but they are perfect paper to apply a special finish such as spot UV, hot foil stamping to get a luxury feel packaging.

VARIOUS PRINTING AND FINISH ON CUSTOM ROUND BOX CYLINDER PACKAGING

Except for standard printing, there are other special finish treatment can enhance the packaging looking to stand out your products.

The shiny foil stamping and spot UV can create a luxury looking. Take these special finishes in your packaging in a proper way that can make your tubes looks amazing.

THE AVAILABLE CUSTOMIZATION FEATURES OF A CUSTOM ROUND BOX

Except for standard-made cardboard tube packaging, they can also be customized with some extra features to meet different packing needs with some accessories like foam insert, rope handle and they can be aluminum foil coated inside. If the cardboard tubes are for packing foods or grease contents, the tube inside should be aminated with an aluminum foil layer on the cardboard wall enable to contact with food directly.
