STEELCASE

Premium collector. Elevated.

The **STEELCASE** is a revolutionary new metal packaging product in standard DVD, Blu-ray and Switch format. **STEELCASE** opens completely flat and it's 0.25mm thick metal which makes the box even stronger than the competition. 3D embossing is also possible up to the edge of the box. The multi-level embossing gives a really attractive look to the final product!

Metallic effect
